REMARKS/ARGUMENTS

The claims are renumbered to correct skipped and duplicated claim numbers as originally filed. These amendments reflect the claim renumbering shown in the claims posted in PAIR and as used in the pending Office Action.

Claims 11, 27 and 29 (previously numbered 29 and 30, respectively) have been cancelled without prejudice. Claim 15 (previously numbered 16) has been amended to depend from Claim 9. New Claims 30-33 have been added.

The rejection of Claims 27 and 29 is moot with the cancellation of these claims.

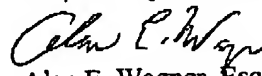

New Claims 30-33 each include at least one of the limitations that the Examiner has identified as providing patentability.

The Applicant believes that the amendment and cancellation of claims, and the above comments, puts the application in condition for allowance.

No extension fee is believed to be due for the filing of this Amendment and Response. The Applicant believes that original application fee paid for 30 total claims, 12 of which were independent. The current amendments keep the total claims to 30, 12 of which are independent. Therefore, no additional claim fee is due. If any fee is due it should be charged to Deposit Account 23-2053. Any required petition should be considered provisionally made.
